PARK COUNTY FISCAL YEAR 2023 BUDGET MESSAGE ADOPTED JULY 12, 2022

General Government Fund

We are pleased to present the Park County Fiscal Year (FY) 2022-23 budget pursuant to Wyoming State Statute §16-4-109, and at the direction of the Park County Commissioners. The budget is comprised of suggestions/requests of elected officials, department heads, boards and organizations, and the public. It is a combined effort with the Board of County Commissioners, staff in the Clerk's and Treasurer's offices. I would like to thank all those involved for all your help in this year's budget session.

Financial Policies and Goals for Fiscal Year 2022-23

- The main goal for the Park County Board of County Commissioners is to ensure that expenditures do not exceed projected revenues.
- Special funding is provided for community service organizations including those serving the mental health population, crisis services, food assistance programs, senior citizens, economic development, municipal recycling programs, and youth programs with the total amount for this fiscal year of \$259,500. Again, the board will not be funding Yellowstone Regional Airport Joint Powers Board and CYAir.
- Park County's self-funded health insurance premium remains the same with no increase and 80/20 for the deductible.
- Park County offers no health incentive program. Park County currently pays 100% of the premium for the employee/family insurance.
- The county pays 18.12% of Wyoming Retirement and currently employees pay .5%.
- Park County provides funding for four separate Boards. Those Boards include the Fair Advisory Board, the Library Board, the Museum Board and the Parks and Recreation Board. Park County Commissioners appoint members to the four boards, who oversee their respective operating budgets. Park County's general revenue allocated to these Boards are: Parks and Recreation Board \$170,537 with \$9,448 carry over from last year, Park County Museum Board \$254,157, Park County Fair Advisory Board will receive \$60,700 and the Park County Library Board received \$1,809,578; for a total of \$2,294,972 for all boards. Disbursements to the four boards will be made during the FY22-23.

Budget Highlights

The <u>General Fund</u> revenue projected for the coming year is \$25,489,090.

- General Fund budget requests for FY23 total \$29,505,334 which excludes special operations such as Solid Waste, County Road Construction Fund, American Recovery Funds, and E911. Park County has \$13,637,095 in reserves plus the Health Care Fund, the County Road fund, Solid Waste and the E911 reserve account funds. The County will use \$4,016,244 cash carry over to balance the budget for FY23.
- Park County's overall tax revenue from the assessed valuation increased from \$7,515,536 for FY22 to \$10,495,622.

General Changes to Expenses and Revenues from Prior Year

- Park County sales and use tax collected totaled \$5,237,705 for year end June 30, 2022. The FY22 revenue is estimated at \$4,618,645.
- The United States Congress approved the continuation of Payment in Lieu of Taxes (PILT) funds provided to counties with federal land. Park County Commissioners approved an accounting methodology change for the PILT payment starting with the FY20-21 Budget. Due to the unpredictability of the amount and timing of the payment, PILT will be put into Reserves when received and budgeted into the next FY Budget as a known amount. This change requires an initial reserve funding for the initial year of change. Upon a change of policy to return to prior methodology, the reserve payment will be returned to the reserve balance. The PILT payment for FY22-23 will be \$2,302,877.
- Park County Commissioners approved a \$1.00 Cost of Living amount to all employees along with a 2-step increase to use at the discretion of the Department Head/Elected Official.

BUILDING & GROUNDS

The Buildings & Grounds department is entrusted with facility maintenance and ground care for all the properties owned and operated by Park County government. This year we were able to upgrade our HVAC controls for the Law Enforcement Center and replace several HVAC units at the Annex to make the systems run more efficient and cost effective. The installation of the new carpet on the main corridors of the Courthouse was completed. Our goal for this new fiscal year is to upgrade the HVAC controls and the air handlers for Park County's Courthouse and Public Works facilities. Maintaining the infrastructure has been an ongoing process with new challenges arising often and the staff has continued to give their best efforts to maintain clean and orderly public spaces. The Building and Grounds Department takes great pride in continuing to make Park County's properties and facilities the best that we can with the resources that have been provided.

SOLID WASTE FUND

The Solid Waste Division (SWD) of the Park County Public Works Department (PCPWD) manages solid waste landfills near Cody, Clark, and Powell. The SWD is also responsible for operating and/or maintaining the closed landfill at Meeteetse, solid waste transfer station near Crandall, and sewer lagoons near Cody. Funding for these operations is derived from user fees which are administered through an enterprise fund established specifically for the solid waste and landfill related operations.

The base rate for disposal of municipal solid waste (MSW) and construction/demolition waste (C&D) is currently set at \$74 per ton. The County has established variable rates for certain special waste streams including waste tires, batteries, shingles, tree stumps, wallboard, concrete, asphalt, yard waste, and other miscellaneous waste streams. Earlier this year the Board of Park County Commissioners (BOCC) decided to adjust the disposal fees for the Crandall transfer station by offering an Annual Permit (\$337) and Large Ranch Permit (\$1,125). This measure was initiated to help compensate for a high cost vs. revenue ratio resulting from the limited amount of waste received at the Crandall facility.

Park County received bids for roll-off services to manage the transfer of solid waste from the Crandall transfer station, Clark Landfill, Powell Landfill, and citizens convenience areas at the Park County Regional Landfill (PCRL). The contract to manage these services was awarded to Keele Sanitation as the lowest responsible bidder. With inflationary pressures, escalated cost of fuel, and high cost of labor, the prices for roll-off services increased substantially over the past year. These same inflationary pressures have also negatively impacted operational costs associated with the landfill disposal operations at the PCRL, Powell, and Clark Landfills. These added costs are reflected in the operating budget for FY2023 as compared to the prior year.

The BOCC, City of Cody, City of Powell, Town of Meeteetse, and at least one large local waste hauler has agreed in principle to a reduced effective rate of \$65 per ton with everyone else paying \$70 per ton for waste received for disposal at the PCRL and Powell Landfill (C&D waste only). Contract negotiations are underway. Pending final approval by all parties, the new effective rate should go into effect July 1, 2022, for the start of FY2023. The additional revenue from Powell (Est. \$325,000/year) will help offset the increased operating costs realized from the current economic climate.

The balance of the enterprise fund as of the end of FY 2021-22 is \$4,546,264. Revenues for FY 2022-23 are projected to be approximately \$2,177,000. Expenses for FY 2022-23 are expected to total \$3,102,855. Park County has made substantial operational changes which includes an investment in new and improved landfill equipment to maximize efficiency while extending the life of the lined waste disposal area at the PCRL near Cody. Park County has also invested in personnel, updates, and equipment to help control and contain blowing litter which has been an ongoing problem particularly at the PCRL. The Solid Waste Division plans to replace an aging wheel loader at the Powell Landfill in FY23. Otherwise, minimal equipment renewal/replacement expenditures are planned for the upcoming budget year.

In FY23, staff will begin planning and designing the next lined waste disposal cell at the PCRL as the first cell (completed in 2010) is nearing design capacity. Tentatively, construction of the cell (Phase 2) is scheduled for the summer of 2023. Depending on construction

prices and contractor availability (highly variable right now), construction could extend into 2024. Park County currently has the funds set aside in the landfill reserves to finance the construction.

The County sewer lagoons located in Cody on Rocky Road receive septage waste from septage haulers that serve residents, RV parks, and camp sites in rural Park County. The facility which was put into service more than 50 years ago has limited capacity and is undersized to manage the increasing demand seen in recent years. Park County is currently exploring options for addressing the problem which could include substantial improvements at the existing facility. Until a few years ago Park County did not charge any fees for users of the sewage lagoon facility. Park County did make changes to the fee structure and is in the process of seeking outside funding sources to help offset the costs for facility upgrades or a new facility. Planning and engineering for the project will continue in FY23.

FUNDING FOR COUNTY ROAD & BRIDGE IMPROVEMENTS:

The Park County Road & Bridge system is comprised of more than 600 miles of road and 69 bridges. Approximately 308 miles of the roads maintained by Park County are paved and roughly 190 miles are gravel with the remaining roads unimproved. The Park County Public Works Department (PCPWD), which includes the Engineering, Landfill, and Road & Bridge divisions, is responsible for improving and maintaining the County's vast and diverse system of roads and bridges.

Funding for routine and ongoing maintenance of the County Road & Bridge system is generally derived from the County general fund. The County also receives funding from the Forest Service Secure Rural Schools (SRS) program as well as other sources for specific road and bridge improvement projects. The following information provides a brief overview of these funds as it relates to the current and upcoming fiscal years.

COUNTY ROAD CONSTRUCTION FUND (CRCF)

The CRCF is largely funded through gas and severance tax receipts as part of a State-wide program intended to improve county road and bridge infrastructure. The balance of Park County's CRCF currently sits at \$4,957,012 which is approximately \$107,382 more than it was at the start of FY2021-22.

Expenditures for FY2021-22 as it relates to the CRCF totaled \$356,290.50. The expenditures are mainly related to the installation of a small bridge on County Road 6EH (Bobcat- Houlihan) as well as matching funds for Phase 2 of the County Road 6WX (Southfork Road Rehabilitation project) which will be completed using Federal Lands Access Program (FLAP) funding. The bridge on CR 6EH was substantially completed during the winter of 2021/2022. Revenues for FY2021-22 into the CRCF totaled \$778,180.74 including interest.

Park County has some substantial road & bridge related capital improvement projects planned for FY2022-23. It is anticipated that these projects will be completed using accumulated CRCF reserves. The projects:

Willwood Road Major Improvements – Engineering/Surveying:

\$ 300,000 Budgeted

Green Creek Road Improvements (CR 6DU):

County Road 7RP Realignment:

\$ 800,000 Budgeted \$ 150,000 Budgeted

Several large road rehabilitation projects will likely be necessary in the next 5-8 years. Major rehabilitation of paved road sections is very costly and must be planned several years in advance. The Park County Public Works Department and Board of County Commissioners are currently planning for these projects and intend to build the CRCF account to help finance the associated capital expenditures. These road rehabilitation projects include but are not limited to work on County Road 2AB, County Road 6WX (Southfork Road), Lane 5 (East of State Highway 295), Lane 14 (east of new Willwood bridge), Lower Greybull Road, and Lane 9 (East of State Highway 14A). Park County currently has thirteen (13) bridges which have been rated and targeted for replacement or major rehabilitation. Typically, rural bridges can be expected to have a useful life of 50 to 75 years. Park County has four (4) bridges which are more than seventy-five (75) years old and thirty (30) bridges that are more than fifty (50) years old. With the vacation of County Road 6JM in December of 2021, Park County was able to eliminate the lowest rated bridge which will now be privately owned and maintained by TE Ranch.

• FEMA REIMBURSEMENTS UNDER FEDERAL DISASTER DECLARATION 4327-DR-WY

Park County and other parts of Wyoming received considerable damage to public infrastructure resulting from flooding during the spring of 2017. President Trump authorized federal disaster assistance to Park County under disaster declaration 4327-DR-WY which was issued on August 6, 2017. Park County incurred damages to certain roads and bridges along the South Fork of the Shoshone River, Wood River, and Lower Greybull River. Repairs to bring damaged infrastructure back to pre-flood conditions are now complete. FEMA has approved and obligated approximately \$375,000 in funds to the State of Wyoming Office of Homeland Security on Park County's behalf for these efforts. Park County has been reimbursed for most of the flood repair and mitigation efforts. Remaining reimbursements for repairs/mitigation related to Bridge FJD (Wood River) on County Road 4EU are expected to be received in FY22. The remaining amount to be reimbursed to Park County is estimated to be approximately \$176,000.

FEDERAL LANDS ACCESS PROGRAM (FLAP)

In FY20-21, PCPWD applied for funding under FLAP to complete Phase 2 of the Southfork Road (CR 6WX) major rehabilitation project. Park County was notified in March of 2021 that the application has been short listed for consideration by the Wyoming Program Decisions Committee. In the summer of 2021, Park County was awarded funding for the project. The scoping effort costs \$50,000 of which \$10,000 has been paid by Park County. The remaining \$40,000 will be paid by CFLD of the FHWA. The project as defined in the County's application is intended to facilitate roadway reconstruction, minor roadway realignment (horizontal and vertical), widening, paving, replacement of culverts, improved signage, and pavement striping. The maximum amount of funding preliminarily allocated by FHWA CFLD is \$12,000,000. Park County is proposing a commitment of \$2,120,000 which represents a 15% match. Pending the outcome of the scoping effort and final approval by FHWA, the project would be completed in the next five (5) years.

• CONGESTION MITIGATION AND AIR QUALITY IMPROVEMENT PROGRAM (CMAQ)

Over the past few years, PCPWD has applied for and secured funding through the Congestion Mitigation and Air Quality Improvement Program (CMAQ) as administered by the Wyoming Department of Transportation (WYDOT). The funding is intended to be utilized for improvements and measures to improve air quality. Park County's funding has been and will continue to be utilized to apply a dust suppressant on certain gravel roads throughout Park County.

PCPWD has been awarded and received the following funding through the CMAQ program over the past few years.

| FY 2018-19 | Program Reimbursement: \$80,000 | |
|------------|---------------------------------|-----------------------------|
| FY 2019-20 | Program Reimbursement: \$99,320 | Park County Match: \$24,830 |
| FY 2020-21 | Program Reimbursement: \$71,040 | Park County Match: \$17,760 |
| FY 2021-22 | Program Reimbursement: \$87,744 | Park County Match: \$21,936 |

Park County will again apply for funding through the CMAQ program in FY 2022-23.

TRANSPORTATION ALTERNATIVES PROGRAM (TAP)

During FY19-2020, Park County applied for and was awarded funding from WYDOT through the *Transportation Alternatives Program* (TAP). The funding was secured for a planning level grant totaling \$50,000 (80% WYDOT and 20% Park County). The planning project was completed during the fall of 2021. Park County is currently in the process of applying for design phase funding for the project. If successful, funds will be utilized to develop a walking/bicycle path plan for the fringe areas surrounding Powell along certain County Roads. The goal is to plan for safe walking and biking areas while minimizing conflicts with established vehicle and truck routes.

E-911

Park County operates and maintains an Enhanced 911 (E-911) system for the Public Safety Dispatch entities operating within the County. Since 1996, to fund these systems, Park County has enacted and adjusted a resolution enabling the use of Wyoming Statutes §16-9-101 through §16-9-111, known as the Emergency Telephone Service Act. Under this Resolution and Act, Park County collects a 75-cent monthly surcharge/tax on every local wireline and wireless telephone device in the County. The statute also allows a 1.5% tax to be collected from pre-paid wireless users. All funds collected are kept in an enterprise fund, separate from the County general fund, and are used to pay for hardware, software, communications circuits, and services that are related to these systems. Balances in the fund are allowed to carry over to subsequent years and are accumulated to cover large expenditures when they arise.

There are three 911 Answering Centers within Park County. They are located at the Park County Sheriff's Dispatch Center in Cody, Powell Police Dispatch Center, and Yellowstone Park Dispatch Center in Mammoth. The Sheriff and Powell Police Centers have always

pooled their portion of these collections to jointly fund and manage their systems together. Yellowstone Park operates their 911 systems independently, so their portion of the collections is distributed directly to them to use for their 911 operations.

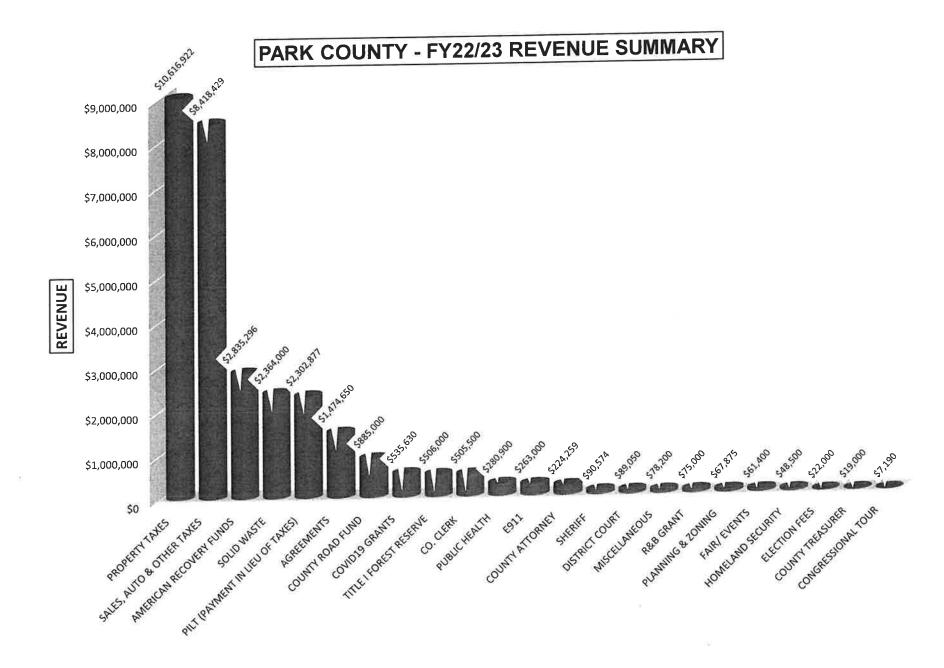

The 911 systems at the Sheriff and Powell Centers were replaced and upgraded in September 2018. With that being completed, no more major hardware or software purchases should be needed for at least a few years and the FY23 budget will only be covering the on-going operational/maintenance and related costs of the system. Total expenses for FY23 are estimated at approximately \$183,500.

The Cash Carryover in the overall fund is estimated to be approximately \$460,000. The 911 Surcharge/Tax income for the Sheriff and Powell is estimated at approximately \$263,000 for the upcoming year and will be added to that fund as those collections are disbursed.

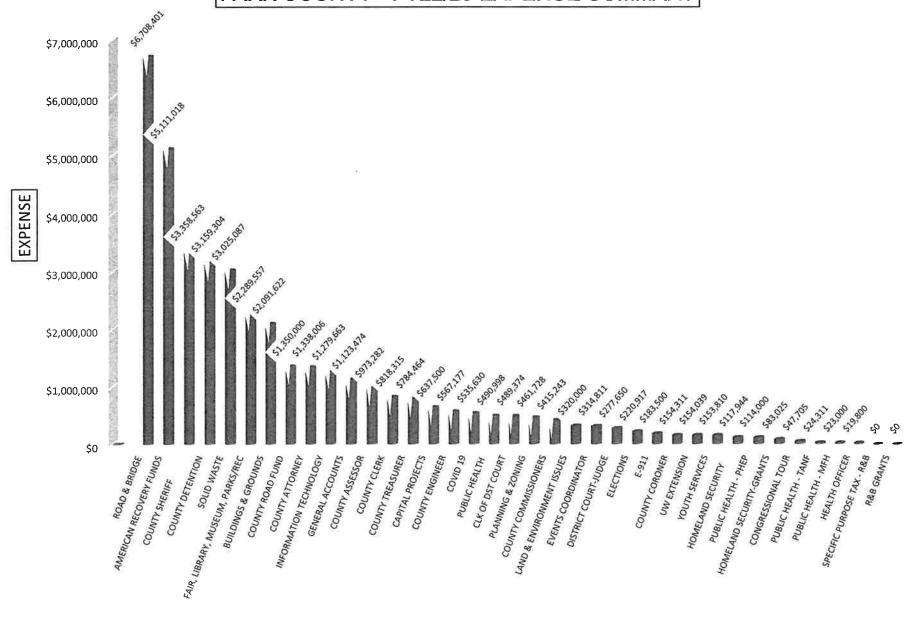

CONCLUSION

Presented herein is the Park County FY22-23 budget. It is a true reflection of the goals and financial policies established by the Park County Commissioners for this Fiscal Year and it represents a balanced approach for the operation of Park County in providing services to its residents.

| Respectfully Submitted, | |

RESOLUTION 2022- X 67

A RESOLUTION PROVIDING FOR THE ANNUAL APPROPRIATION OF MONEY FOR THE MAINTENANCE AND OPERATION OF PARK COUNTY, WYOMING FOR THE FISCAL YEAR ENDING JUNE 30, 2023

WHEREAS, the Park County Clerk submitted a preliminary budget to the Board of County Commissioners for Fiscal Year ending June 30,

WHEREAS, such budget was made available for public inspection at the office of the County Clerk, and Park County website; and WHEREAS, a public hearing was scheduled and a notice, along with a summary of the budget, was published in the Powell Tribune and

Cody Enterprise on July 6, 2022; and WHEREAS, a public hearing was held at 6:00 p.m. July 11, 2022 in the Park County Courthouse - Commissioners Meeting Room, at which

WHEREAS, following such public hearing, alterations and revisions were made in the proposed budget.

NOW THEREFORE, BE IT RESOLVED by the Board of Park County Commissioners that the budget be adopted as the official Park County Budget and that the following appropriations be made for the Fiscal Year ending June 30, 2023 and that expenditures for each office, department or spending agency be limited to the amount appropriated herein.
