

# LAND USE PLAN ADVISORY COMMITTEE (LUPAC)

## About LUPAC

The LUPAC is a 16-member committee appointed by the Board of County Commissioners. Each member of the LUPAC represents a planning area or special subject area in Park County. LUPAC members are tasked with spreading the word about upcoming opportunities for public input on the updated Land Use Plan for Park County and helping gather and share input on future development in Park County. Reach out to the LUPAC member in your “neighborhood” today to learn more about the Land Use Plan, the update process, and to share your thoughts on the future of development and use of lands in Park County!

**Talk to your LUPAC representative about what you want to see in your corner of Park County!**

## LUPAC Members

Residents, landowners, and business owners in each planning area around Park County are encouraged to communicate directly with their assigned LUPAC member.
