- 1. In addition to the base permit fee, Applicant is responsible for all costs to repair or replace public and/or private infrastructure that is impacted during work covered by permit. Applicant is also responsible for all costs associated with new/replacement mailboxes, culverts, signs, fence, and cattleguards associated with private driveways or frontage related to the County Road right-of-way. Right-of-way Permit Applications that involve multiple category "Types" will only be charged a fee for the highest "Type". For example, an application for a new driveway access that also requires a culvert, mailbox, and a cattleguard will require only the "Type 4- New Access Fee".
- 2. A new public utility or extension fee is for the first 1000 feet or less. For longer public utility line(s) or extension(s), the fee shall be the base fee (\$300) plus \$100 for each additional 1,000 feet of utility line (calculated proportionally based on the actual lineal footage installed as verified by Park County Public Works Department.)
- 3. All listed maps and documents may be downloaded in digital format from the Park County web site at www.parkcounty.us on the Public Works Department page.
- 4. Includes labor and direct benefits.
- 5. Does not include the cost of labor. See labor rates for the cost of operator(s).
- 6. \$150 for the first sign, and \$100 per each additional sign
